

SHVA 2008 Conference Information

Date: April 10 – 12, 2008

Location: Budapest, Hungary

The Society of Hungarian Value Analysis (SHVA) will hold an international value analysis conference in Budapest, Hungary next April. The purpose of the conference is to help satisfy the increasing demand for value analysis projects, show the most successful performances of the last few years, present the value methodology solutions, and call attention to the fact that executives who work in state and public administration have large responsibilities to apply VM regularly.

If there are a sufficient number of requests, SHVA will organize *Module I* and a *Module II* certification training workshops and special value analysis courses. The society will also provide CVS and AVS examination opportunities.
